Grace Christian School Tuition Policies

- Annual payments must be paid in full by the aforementioned dates; late payments will result in conversion to a 12-month payment plan.
- Families who have multiple parties paying tuition for a student to attend GCS may set up separate FACTS Payment Plan accounts. However, if one of the parties becomes delinquent in any of their financial obligations, the other party will be notified of the delinquency. Both parties are fully responsible for the full payment of all financial obligations to GCS.

FACTS Payment Plans

- All families are required to set up a FACTS Payment Plan account at enrollment which will be set to auto pay for tuition payment plans, per student fees, and incidental billing.
- FACTS Payment Plans offer the convenience of an automatic electronic bank or credit card payment; there is a minimal annual enrollment fee, which is paid to FACTS.
- Collection is attempted by FACTS on the 5th or 20th of the month as directed by your FACTS Agreement (your choice of dates).
- If you need to miss or delay a payment due to a personal financial problem, you must request a payment suspension or delay by contacting the school administrator **at least two business days prior to the next automatic withdrawal** and request a payment suspension or delay.
- If FACTS payments are returned, a returned payment fee of \$30 is charged by FACTS and often by your financial institution. A \$50.00 late fee will be charged to your FACTS account by GCS as well.
- If a tuition payment is returned, FACTS will reattempt payment on the next FACTS withdrawal date; for example, if you chose the 5th as your payment date and the withdrawal is denied, FACTS will re-attempt withdrawal on the 20th. FACTS will re-attempt the payment 2 times. After the third unsuccessful attempt, the payment becomes “unresolved” and you must either make a payment online or via telephone or make other payment arrangements with the school administrator.
- You will be notified by email of each missed payment; if two monthly payments are missed and arrangements have not been made with the administrator to settle your account or initiate a revised payment plan, your child may be suspended from school until your account is current.
- If an account becomes 30 days (or 1 payment) delinquent, we may withhold grades, suspend students from extracurricular activities, extended care, and exclude them from graduation. Please contact the school if a problem arises so we can work toward a solution together.
- Additional costs, including Extended Care and other miscellaneous fees may be billed through FACTS under “Incidental Expenses” and must be set to “Auto Pay”.

Withdrawing from GCS

- All application, enrollment/re-enrollment and Per Student Fees are non-refundable.
- After June 15, 2026 through the first quarter of the school year, a withdrawal fee of 1/4 of annual tuition (NOT net of scholarships) for the student’s grade level will be assessed. In addition, the total Per Student Fee will be assessed.
- After the first quarter of the school year is completed, the balance of tuition (not net of scholarships) is determined on a prorated daily schedule. In addition, any remaining balance of the total Per Student Fee will be assessed.
- Upon written request and if in good financial standing, school records will be sent to the school where a withdrawn student is enrolled.

Returned Checks

- Checks written to the school and returned because of insufficient funds necessitate an additional service charge of \$50.00.
- The original check amount plus the \$50.00 fee are due within two weeks after notification by GCS.

The Discovery Program

- The Discovery Program uses the National Institute of Learning Development model. Students are identified for referral after educational testing administered by a licensed psychologist. Professional testing must be in place prior to placement and/or granting special accommodations.
- For students identified by the administrator and the NILD director to participate in The Discovery Program, additional fees will apply. Testing for the program is \$400 and annual tuition for The Discovery Program is \$2,000. A curriculum fee also applies.
