The Future--The Legacy

Please help Grace Christian School in Building a Legacy by Educating Generations to Come.

The growth of this ministry and the direction of the Holy Spirit has led the Grace Christian School family to pursue the addition of a superior Middle School course of study. Plans are underway to open a new facility that will allow for dual classes in each K-8 grade level. In order to make this vision a reality, the construction of approximately ten additional state-of-the-art classrooms, gymnasium with locker rooms, commercial kitchen, cafeteria, and performing arts stage are being planned. Please join us as a Legacy Leader by financially supporting "Building a Legacy."

Your pledge of support will help in "Building a Legacy"
